

RAPPORTEUR: MR CECIL MASOKA

**GENDER EXPERTISE AND
PEOPLE:
BUILDING COMMUNITIES OF
GENDER EXPERTISE AND
LEADERSHIP**

CHAIR & SPEAKERS

- **CHAIR:** Prof. Narnia Bohler-Muller

- **SPEAKERS:**
 - Ms Dorah Marema
 - Dr Hale Ann Tufan
 - Prof. Max Haller

SPEAKERS TOPICS

- Integrating human behaviour into understanding climate change
- Integrating gender expertise into interventions for improved agriculture and nutrition
- The International Social Survey Programme as a gender sensitive comparative project. Possibilities, achievements and limits

RECOMMENDATIONS

- Communities participation in planning and decision making – crucial
- People centred solutions
- Women participation in institutional structures and policy development
- Mainstream gender into climate change discussions & solutions

RECOMMENDATIONS

- Integrate end-user preferences
- Convergence of bio-physical & social scientists
- Build consensus among stakeholders
- Develop “critical mass” (community of practice)
- Develop and provide tools (e.g. resource hub)

RECOMMENDATIONS

- Surveys: good samples but address variables
- Gender as a statistical category
- Gender role questions may be discriminatory
- THEORY – CONCEPT – DEFINITION
 - (e.g. what is family)
