The top part of the page summarises the Summit

The dark coloured part summarises the programme for Day 1 and Day 2

The programme is organised around Themes.

Clicking on a Theme will lead to the relevant page where the presentations for that theme are accessible (see below)

19th Gender Summit - Global for SDGs

In September 2019, the Secretary-General of the UN, Antonio Guterres, launched the Decade of Action to accelerate delivery of the Sustainable Development Goals. He urged all actors to dramatically increase the pace and scale of SDG implementation efforts. The UN 2030 SDG Progress Report has pointed to a number of problems in achieving all SDGs, referring specifically to SDG5, the report states that: "The promise of a world in which women and girls enjoy full gender equality and all legal, social and economic barriers to their empowerment have not been removed, affirmed or fulfilled." The Gender Summit (commonly known as GS5) is a platform for the implementation of the UN SDG agenda with women, society and environment. If the role of gender was restricted to the issues of empowerment and human rights, women and girls were shaped during the 6th Gender Summit - Asia Pacific in Seoul, in August 2019, and expanded later during the 7th Gender Summit - Asia Pacific in Tokyo. Gender knowledge (standing for both historical and socio-cultural aspects) can greatly help verify claims of equality in SDG policies and interventions, as well as pinpoint the sources and consequences of disparities in outcomes for women and men. The objective of GS5 is to involve experts in gender-SDGs areas to identify gender knowledge that can be applied already and the knowledge that is still missing due to the necessary to accelerate progress across all SDGs during the Decade of Action, ensuring that the implementation will benefit women and men equally.

IMPORTANT

You can watch the video from the indicated time. The starting time on Day 1 will be 11am UTC. The starting time on Day 2 will be 9am UTC.

You can post comments and questions at any time during 19-20th August to the speaker(s) through the “Comment” section at the bottom of the page. Comments will be replied to but not immediately due to different time zones.

In the column on the right are presentations that appear next in the selected theme/programme.
Theme 1: Uniting Funders, Doers, and Custodians of Research to Strategically and Comprehensively Advance Quality Gender Research for SDGs

This session draws on the concept of the triple helix as an expression of co-dependency between the purpose and quality of research; research performing organisations; and...
UN SDGs and the Voluntary National Reviews (VNRs) on Gender: What Countries are Reporting and What is Missing in VNRs

About the video

Prof. Kim explains what can belearned from an event like the SDGs in national brief. She shares her opinion on the importance of gender equality and how it can be achieved.

About the presenter

Eun Hae Kim, Ph.D., is a Professor in the College of International Studies, Director, and Global Health Institute for Women and Gender Equity at Ewha Womans University in Seoul, South Korea. Her research focuses on women's health in South Korea, particularly in rural areas. She has a passion for promoting gender equality and has received several awards for her work. She is a member of the Global Women's Health Initiative and the Asia-Pacific Women's Health Network.
